Guy Abercrombie And Others Seek  
To Throw it Out of Court Follow-  
ing Recent Defeat

### MORE EVIDENCE HEARD

Morgan Street Injunction Case Being  
Considered Again Today in Cir-  
cuit Court

A plea in abatement was filed to-  
day in the circuit court in the case  
of the Hodges Branch Drain by Guy  
Abercrombie, et al., following the de-  
cision in court Monday by Judge  
Sparks, when he overruled the mo-  
tion to quash the publication de-  
fining the boundary lines of the pro-  
posed assessment.

The plea is abatement seeks to  
throw the case out of court, and the  
date for the arguments on the plea  
will be fixed in a few days.

This afternoon in court further  
evidence was being heard by Judge  
Sparks in the case of Capitola G.  
Dill against the City of Rushville,  
in the injunction suit against the pay-  
ing of Morgan street. The city had  
a few more witnesses to be heard  
before giving the case to the court  
for a permanent decision.

The jury will be called for the first  
time during the new year tomorrow,  
when a suit is to be heard. The case  
of the E. E. Holloway Company  
against Elmer C. Addison is sched-  
uled for trial, in which the demand  
is for \$300 on an account.

The case of Floyd J. Six against  
George O. Ball, a complaint on ac-  
count demanding \$100, was dis-  
missed in court today.

The suit of Walter B. Smith  
against Philip S. Danbenspeck, a  
complaint on a check, was also dis-  
missed by the plaintiff.

The J. B. Colt Company dismissed  
their suit against Charles and Mag-  
gie Collins, in which an account was  
alleged to be overdue.

### CITY BILLS ARE DUE

Water and light bills are due the  
city now, according to Earl E. Con-  
way, city treasurer, and all bills must  
be paid by the tenth of the month,  
or they become delinquent. Many  
people have overlooked the payment  
of the bills read in December.

## SUCCESSOR TO BALL SELECTED

H. D. VanMatre of Henry County  
Named County Agent by County  
Board of Education

### FAVORED BY FARM BUREAU

Board Appoints Committee to Inves-  
tigate Library Plan And Tran-  
sact Other Business

The Rush County Board of Edu-  
cation held an important session  
Monday afternoon at the court house,  
and foremost among the business  
session Monday afternoon at the  
court house, and foremost among the  
business transacted was the appoint-  
ment of H. D. VanMatre of Henry  
county as agricultural agent to suc-  
ceed Donald D. Ball, whose resig-  
nation will be effective March 1.

Various committees for the en-  
suing year were appointed, and re-  
ports read at the session by Miss  
Dorothy Sparks, county attendance  
officer.

The new county agent was highly  
recommended for the position by  
directors of the Rush County Farm  
Bureau. Until recently he was a  
farmer of Henry county, but for the  
past few months has been a field  
representative with the State farm  
bureau, assisting in the membership  
campaign. He graduated from Pur-  
due in 1917, and has a masters' de-  
gree from Iowa State college.

Mr. VanMatre was here yesterday  
and spoke to the county board mem-  
bers, and Mr. Ball, the retiring  
agent, also was present and gave a  
brief talk, and recommended the ap-  
pointment of the new agent.

Miss Mary Sleeth, city librarian,  
addressed the county board on a  
plan for a circulating library among  
the townships, and the plan was  
favorably considered. A committee  
was appointed to investigate and  
report to the county board on the  
plan. The committee was composed  
of B. D. Farthing, Edson L. Aikin  
and Fred Goddard.

The committees for the new year,  
which were appointed yesterday,  
were as follows:

On buildings—Henry W. Beckner,  
Fred Goddard, J. Hampton Reeves.  
On rural school relations—John C.  
Power, Charles Harter and Charles  
Carney. Educational committee—  
Thomas Passwater, George Harlevy,  
Jesse Brooks. Administration—B.  
D. Farthing, Jesse Brooks, Thomas  
J. Passwater. Transportation—H.  
M. Cowing, Edson Aikin, George  
Meade. Purchasing committee, B.  
D. Farthing, Edson Aikin and Fred  
Goddard.

A committee also was appointed  
to investigate a plan used in some  
counties of hiring a music super-  
visor for two schools, instead of  
combining music with art, domestic  
science and other subjects. In this  
manner, six supervisors could handle  
all 12 schools, and better results  
could be obtained, it is the belief.

The committee appointed to report  
on the plan is composed of B. D.  
Farthing, H. M. Cowing, J. Ham-  
pton Reeves, John C. Powers and  
Charles Carney. The committee,  
sometime during the next two weeks  
will visit the schools of Hendricks  
county, where this plan is being  
followed.

Miss Sparks, in her report on the  
record for the attendance office,  
stated that there were 89 cases re-  
ported.

## SCHOOL PRODUCER OF REAL WEALTH

State Superintendent Burris, Speak-  
ing to Rotary Club, Shows Its  
Importance to Community

### DISCUSSES COUNTY UNIT

Brings Out Advantages Seen in In-  
spection of Maryland County,  
Maryland System

A discussion of the county unit  
school system, based on his observa-  
tions of the schools in Maryland  
county, Maryland, characterized the  
short address of Benjamin J. Burris  
of Indianapolis, state superintendent  
of the public instruction, before the  
Rotary club today noon.

The state school head also dis-  
cussed the schools generally, showing  
their importance in every community  
and the necessity of maintaining the  
highest standards possible.

"The schools are close to every-  
one," he said. "During the present  
period of unrest, schools come in for  
their share of criticism or commend-  
ation. It is difficult to find two men  
who will agree on what ought to be  
done. It depends on our point of view  
and our past experiences. We are far  
too prone to view the schools in the  
light of 20 or 30 years ago. Some  
will say there are too many fads in  
the schools. Such criticism has its  
steadying influence. It is good."

"The school is a social institution  
to carry out the ideals of the com-  
munity. Its methods change because  
our ideals change and it expresses  
the will of the people."

To illustrate the problem cen-  
tering the school, the speaker  
pointed out that in a few years the  
enrollment of the secondary schools  
had increased in the nation from  
200,000 to two million and had more  
than doubled in Indiana.

Mr. Burris gave an illustration that  
education produces material wealth  
and asserted that he could cite many  
others. The difference between Mexico  
and the United States, or Russia and  
the United States, the speaker said,  
though natural resources are about  
the same, is that the United States  
puts a premium on education.

"So education is an investment for  
us," he continued. "Indiana believes  
in it. If Indiana stood abreast of  
Rush county, think of the advantages  
that would be found all over the state."

"The school needs criticism. We all  
need criticism. But we need con-  
structive criticism. Unfortunately  
there is too much destructive criti-  
cism."

sworth being added to the board of

The election at the American Na-  
tional bank was scheduled for four

nounced Wednesday.

No changes in the personnel of the  
Rush County National bank were  
made in the election of the officers  
today. The officials for the bank, as

## COURT RULING IS ASSAILED

State Files Answer Case To Hold  
Auto Fees Unconstitutional

South Bend, Ind., Jan. 8.—Super-  
ior Judge Lenn J. Oara's action in  
holding the state auto license fee  
law unconstitutional was assailed in  
an answer filed yesterday by Attor-  
ney General Lesh.

Lesh concentrated on Judge Oara's  
ruling on a demurrer in which the  
court held that Lesh connected two  
subject matters under one head.

In answer, Lesh declared that the  
two matters were probably connected  
and that they were joined for the  
purpose of harmonizing clauses in  
the demurrer.

## TO OPEN DRIVE IN THIS STATE SOON

Senator Hiram Johnson Will Start  
Campaign With Speech In Some  
City Outside Indianapolis

### ANNOUNCEMENT BY MANAGER

Republicans As Well As Democrats  
May Nominate Their Candidate  
For Governor in Convention

(By United Press)

Indianapolis, Ind., Jan. 8.—Hiram  
Johnson, candidate for the Republi-  
can nomination for President, will  
start his Indiana campaign within  
two or three weeks with a speech  
in some city outside Indianapolis.  
Clarence R. Martin, his campaign  
manager, announced today.

Martin said Johnson probably will  
make only one speech at that time,  
returning to the state later for other  
speeches.

Headquarters will be opened in  
Indianapolis within two or three  
weeks, Martin said, and district or-  
ganizations will be completed at once.

Johnson was a candidate in the  
1920 primary, running second to  
Leonard Wood.

The entries of Johnson makes  
certain the entrance of either Presi-  
dent Coolidge or Senator Watson in-  
to the Indiana campaign.

It is expected Watson will an-  
nounce soon that he will not be a  
candidate, and that Coolidge will en-  
ter the Indiana primary.

The Republicans as well as the  
Democrats may nominate their can-  
didate for Governor in convention  
instead of in the primary, according  
to indications today.

In some quarters it was said a  
deliberate effort will be made to pre-  
vent any candidate from obtaining  
the necessary majority of votes in the  
primary so that the choice may be  
made in convention.

Edgar D. Bash, of Salem, is ex-  
pecting to announce his candidacy  
within a few days, which will bring  
the field of starters up to four. Bash  
was formerly lieutenant governor.

Other candidates already making  
active preparations for their cam-  
paign are Mayor Shank, Ed Jack-  
son, secretary of state, and Ed C.  
Toner, of Anderson.

With four candidates in the field  
the chances for a nomination in the  
primary are greatly decreased and the  
fight will become a contest for  
delegates rather than for primary  
votes.

### GRAND JURY ADJOURNS

Indianapolis, Ind., Jan. 8.—After  
a meeting of about an hour, the fed-  
eral grand jury which began a spe-  
cial session today, adjourned until  
Wednesday. William Halvershorn  
of Evansville was selected as fore-  
man.

### 250 UNDER ARREST

Marion, Ill., Jan. 8.—Arrests of  
alleged liquor law violators in  
"bloody Williamson county" today  
reached the 250 mark for a period  
of less than four weeks when be-  
tween 40 and 50 men arrested last  
night and today by Ku Klux Klans-  
men and federal agents in coopera-  
tion, were taken to Benton, adjoin-  
ing county seat, and held under bail.

### BALLOONS ARE MISSING

Dayton, Ohio, Jan. 8.—Major Nor-  
man Peek and Lieut C. C. Kuntz left  
McCook field in a free balloon at  
9:30 a. m. Monday and aviation of-  
ficials have received no report as to  
its whereabouts, it was announced  
this afternoon. The balloon trip was  
to have been a short test flight.

## CLAIM FOR \$1,800 IS DISALLOWED

County Commissioners Refuse to Pay  
For Expense of Repairing Bridge  
At Carthage

### THEIR PLAN NOT FOLLOWED

Board Allows Poor Infirmary Con-  
tracts And Reappoints County At-  
torney And Custodian

The Rush county board of commis-  
sioners, in addition to making the  
annual appointments at the first  
meeting of the new year, Monday,  
also awarded the contracts for the  
poor farm supplies and disallowed a  
claim of \$1,800 filed by the Ameri-  
can Paper Products company of  
Carthage, for money expended in re-  
pairing a bridge over a mill race in  
Carthage.

The refusal of the commissioners  
to allow the claim is expected to re-  
sult in a law suit against the county  
as the Carthage concern maintains  
that the county should bear a part if  
not all of the expense of making the  
repairs on the bridge which is used  
by the company.

The question of repairing the  
bridge has been before the board for  
the past few years. The Carthage  
concern asserted that under the  
terms of an old contract, the county  
agreed to maintain the bridge after  
it once had been constructed by the  
company. No copy of the contract  
has ever been found on the commis-  
sioners' records.

Some time ago the commissioners  
instructed the auditor to notify the  
company to repair the bridge under  
the supervision of and according to  
the plans and specifications of the  
county engineer, Frank Catt. Noth-  
ing more was heard of the matter un-  
til the Carthage concern came for-  
ward with a claim for \$1,800. The  
commissioners maintain that they  
can not allow the claim because the  
repairs were not made under the  
supervision of the county engineer.

Practically all of Monday morn-  
ing's session was devoted to allowing  
claims.

Thomas M. Green was reappointed  
county attorney for another year and  
George Mitchell was also named as  
custodian for the year 1924.

Contracts for the poor infirmary  
supplies were awarded as follows:  
Meats, Ed Haywood; dry goods and  
women's shoes, the Callaghan com-  
pany and H. S. Havens; groceries,  
Varley and Varley; clothing and  
shoes, J. L. Cowing, Son and com-  
pany.

Monday's meeting was the first  
for Jesse Winkler, the new commis-  
sioner for the middle district, who  
succeeded Sam Young the first of the  
year. He did not remain for the ses-  
sion all day on account of receiving  
word of the death of his father-in-  
law Frank Trennepohl, a former Rush  
county citizen who dropped dead  
from heart disease at his home in  
Henry county.

The commissioners organized at  
the beginning of the session for the  
year with George Bell as president  
and Harry Gosnell president of the  
board of finance.

## CHILD DIES OF PNEUMONIA

Letha Nigh, 7, Expires At Her Home  
North Of Arlington

Funeral services for Letha Nigh,  
7-year-old daughter of Mr. and Mrs.  
Earl Nigh, living north of Arlington,

The child died Saturday night of  
pneumonia, following a case of  
measles, and death came as quite a  
shock to the family and friends.  
The family formerly lived in Morris-  
town. Besides the parents the de-  
ceased is survived by the grand  
parents, Mr. and Mrs. Charles Nigh,  
and Mr. and Mrs. William Moore of

ly elected by the Modern Woodmen,

## RECOGNITION OF RUSSIA OPPOSED

Senator Lodge Says it Would Subject U. S. to a "Pestilence of Communist Propaganda."

## GIVES SPEECH TO SENATE

Recognition Would Mean Every Industrial Center in Country Would Have Russian Communist

Washington, Jan. 8—Recognition of Russia now would subject the United States to a "pestilence of Communist Propaganda," Senator Lodge of the senate foreign relations committee asserted in a fifteen hundred word speech to the senate telling why the administration is opposing recognition.

Recognition would mean that every industrial center in the country would have a Russian Communist, who would in reality be a Russian.

The question of immediate danger to the government of the United States by revolution or insurrection is not the point here, said Lodge.

The question is whether you are going to permit the spread of a pestilence through the country. A very sure way of permitting it to spread is by recognizing the people who are undertaking to spread doctrines that would strike in the very foundation of free organized society and seek to destroy the principles that has made the United States what it is.

"There is something more at stake here than trade. There is nothing now to stop trade with Russia. The reason we do not have business with Russia is because that country is permitting no surplus with which to pay for our exports to them. Trade is impossible and is found so in practice.

## BUS, TRUCK PREY ON INTERURBANS

Whether They Shall Remain Unregulated Depends On Attitude of Steam And Electric Roads

ADDRESS BY P. H. GADSDEN

C. L. Henry, President of I. &amp; C., Says His Line Meets Competition With Improved Service

Cincinnati, O., Jan. 8—"Shall motor busses and motor trucks be allowed to conduct an unregulated competition with steam and electric railways in the transportation of passengers and freight, or shall they develop as auxiliaries to steam and electric railways to extend and supplement the existing systems of transportation?"

Philip H. Gadsden, of Philadelphia, director of the United States Chamber of Commerce, raised that question before the Commercial Club of Cincinnati.

The answer to the question, the speaker said, depends largely upon the mental attitude of steam and electric railway executives toward the bus and truck, and in the last analysis upon the public and its understanding of the economics of transportation.

For years, he explained, there has been unregulated competition of the bus and truck. Motor trucks have had no special tariffs. The motor bus and jitney have been preying upon the electric railways, taking the cream of the business and allowing the railways to handle the rest.

"The unchanging laws of political economy have been ruthlessly at work, however," Mr. Gadsden continued. "The bus and truck business has been so unprofitable that the average life of such enterprises does not exceed three or four months."

Commenting on the statement made by Mr. Gadsden regarding trucks and busses, Charles L. Henry, President of the Indianapolis and Cincinnati Traction Company said, "We are meeting the competition of the unregulated truck and bus with improved service. Some electric railway companies have become discouraged over increasing losses and in certain localities have actually abandoned the lines and scrapped the trucks. We believe the electric railway has demonstrated the value of its service as an established and dependable means of quick transportation at a reasonable rate. We have confidence in the ultimate fairness of the people of Indiana and their love for fair play, and instead of asking permission to abandon our lines, we are borrowing early a million dollars to greatly improve the service. We will soon have twelve beautiful new 60 ft. steel passenger cars and the most modern scheme of power distribution in the United States."

Taxes are already high, but if trucks and busses are to have the general unrestricted use of the highway, which are already heavily burdened with traffic, general taxes will become still more oppressive by the construction of special highways for freight and passenger traffic which the railways were built to carry."

"We believe that the bus and truck should be used to extend the facilities of the railways into territory that is not adequately served and not in competition with adequate existing lines. We are developing our service along this plan."

## BOARD MEMBERS TO SEEK OFFICE AGAIN

Election to State Fair Board Scheduled Wednesday, With McCray Mixup as Topic

THERE ARE 92 POSSIBLE VOTES

Indianapolis, Ind., Jan. 8—The question of whether the state board of agriculture loan of \$155,000 to Governor McCray, which figured in the indictments returned against the governor, will be the deciding factor in the election of eight board members tomorrow was under discussion by state officials today.

The eight members will seek reelection, it is believed.

Those whose office will expire are: S. W. Taylor, Booneville; Guy Cantwell, Gosport; M. W. Pickhardt, Huntingburg; Samuel J. Miller, 3046 College Ave.; W. W. Wilson, Muncie; Thomas Grant, Lowell; U. C. Brouse, Kendallville; and C. Y. Helper, South Bend.

Forty-eight county fair associations have filed credentials for the

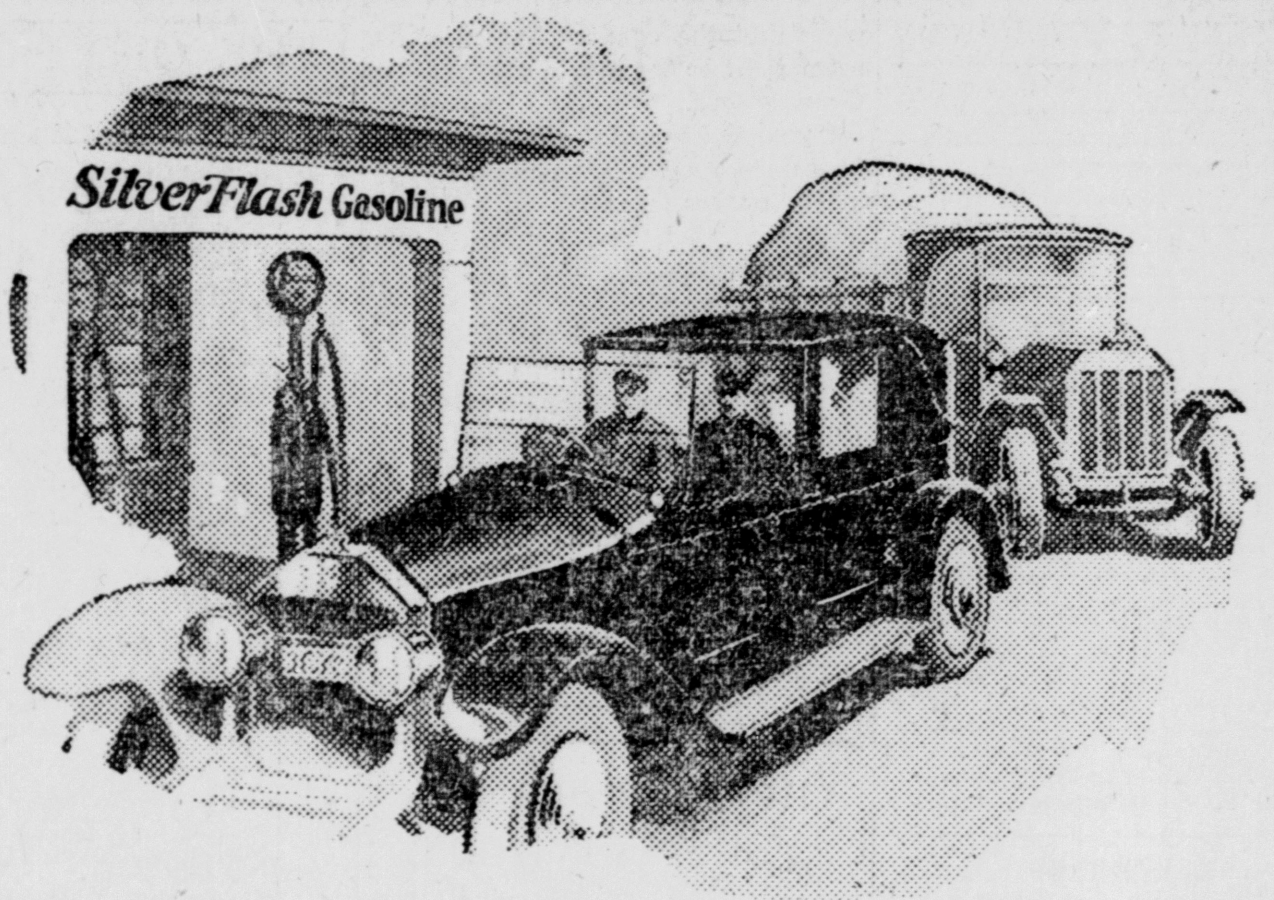

election. Twenty-seven breed associations have also complied with requirements, while the Indiana Farm Bureau Federation is granted two votes by law. With the sixteen votes of the present board, a total of ninety-two ballots in the election Wednesday was forecast today.

I. Newt Brown, secretary of the board, has not announced his intention to retire when his office automatically expires with new election of the board.

## FRANKLIN LODGE TO MEET

Franklin Lodge No. 35 I. O. O. F. will have the initiatory degree Wednesday evening. Music by the orchestra. Officers will be installed and a good attendance is desired.

—Mrs. Henry O'Neal and Miss Clara Uhlman will go to Chicago, Ill., the last of the week to visit with relatives.

## As Cosmopolitan as the Road Itself

NO matter the kind of a car you drive. Whether it is a Fiat or flivver, Silver Flash Gasoline is for YOU. For, unlike most products of extra grade, its very quality has made it universal, democratic—the luxury of the prideful and the necessity of the commercial.

As a matter of course, the driver of the finely machined, precisely adjusted motors of high-priced cars demand the smooth, missless, velvet running of Silver Flash Gasoline as the fitting companion of elegance, grace and boundless power.

And lower priced engines can ill afford the slightest further handicap from poor fuel. They are hit harder by carbon evils, have greater gateway for kerosene drippage, are quicker to show the destructive effects of uneven explosiveness.

## Silver Flash Gasoline

is for them both—and everything in between. It is the clean, dry, quickly vaporizing real gasoline of old-fashioned goodness. It ignites at the suggestion of a spark and fires straight through to the stroke's end and neither breaks, gaps nor peters out. It holds no free carbon, nor particle of kerosene.

Remember that no matter how much vehicles differ externally in design, in detail, or in purpose, they are alike in motive principle. The engine is their heart—and yours can be no exception.

## Tax Reduction

Congress is very much divided on the subject of Secretary Mellon's tax reduction scheme.

That, however, is nothing new for congress. That august body is made up of many people of many minds: from sections of the country, representing constituents of widely divergent views and interests.

Each senator and congressman is constantly demanding new or revised legislation that will fit in with the wishes of his people "back home," to whom he must render an accounting, and there is no subject of more vital importance just now than that of tax reduction. Hence we will see senators and congressmen demanding certain provisions in the bill favorable to their own people and resisting other provisions to which their people are opposed.

All of the conflicting interests and demands must be harmonized and a working basis agreed upon that will be at least reasonably fair to all classes of people and all sections of the country.

It will be a free show well worth witnessing, with our distinguished representatives in congress as the star performers.

But we send them to Washington for that purpose and we expect them to make good.

Speaking of congress, it would

seem that the country has a legitimate right to register a kick, and a vigorous one.

Some slight progress was expected at the short session, but no progress of any nature was made. It was time utterly wasted, and for which the people have to pay in cold cash.

The responsibility for this condition of affairs is placed squarely upon the senate, which did nothing but wrangle over committee chairmanships, etc.

The record made by congress at the short session is anything but creditable. The country had a right to expect at least something. Instead, it received absolutely nothing.

Back up, gentlemen! You are being watched.

## WEEK OF UNITED PRAYER

Throughout the world Christians have issued a call for the observance of the period from January 6 to 12 as a week of united prayer. The Federal Council of Churches is the sponsor for the call in this country.

The program of prayer and Bible reading for today is as follows: The Church Universal—"Christ also loved the Church and gave Himself for it."

LET US GIVE THANKS—For the eternal purpose which Christ has for His Church. For the unity which is already enjoyed before His Throne by all who call upon His Name.

For all deliberations and conferences during the past year which have led the followers of Christ to understand each other better and to enter upon new service in fellowship.

For those who by their words spoken or written, and by their faithful lives have made it easier for others to believe in Him.

LET US CONFESS—Our unworthiness of the great love bestowed upon us; our lack of vision and timidity in bearing witness; our failure to make the world understand the mind of Christ; our willingness to betin the world as those that serve.

LET US PRAY—That the whole Church may wait upon God, and humbly listen for His service. That it may put the first things first, and open its heart more fully to Christ, its Divine Lord.

That through a living experience of God in Christ Jesus it may reach a truer unity. That in its thought the Church may be true to the whole counsel of God, and in its word and action may show to all mankind the Eternal Life which was with the Father, and as manifested unto us by His son.

Detroit, Michigan. — "My troubles were severe pains in my back and terrible bearing-down pains in my right side, also headaches and sleepless nights. I first began having troubles when I was 15, and they have increased as I grew older. A little booklet was left at my door, and I read what Lydia E. Pinkham's Vegetable Compound has done for women and decided to try it. After the first week I could go to sleep every night and I stopped having that nervous feeling and got a better appetite. The doctor had always said that an operation was the only thing that would help me, but I never had any faith in an operation. Since the Vegetable Compound has started helping me I do not suffer the severe pains, feel stronger, and am able to do my own work. I am more than glad to tell my friends that it helps where other medicines have failed."

Averaging the views of sport writers from various parts of the state on the relative strength of the Indiana high school basketball teams the above "Big Ten" as the result of a questionnaire recently sent to 50 newspapers in Hoosierdom.

But 13 sports writers answered the questionnaire, but this list includes some of the experts who are in closest touch with the relative strength of the various teams and include newspapers from Anderson, Columbus, Bloomington, Rushville, Shelbyville, Gary, Richmond, Washington, Huntington, Logansport, Greencastle and Vincennes. Two newspapermen from Columbus answered.

Bedford, Martinsville, Franklin and Anderson were the only four teams which were given positions on the Big Ten ladder by all 13 of the critics answering.

Teams not included in the Big Ten but mentioned by some of the sport writers include: Huntington, Crawfordsville, Greencastle, Montmorency, Emerson of Gary, Muncie, Jeff of Lafayette and Kokomo.

Five teams were mentioned as "first" by the various sport writers, Bedford was the choice, however, with five "firsts". Anderson drew four, Martinsville two, and Frankfort and Franklin each one.

It will be interesting to note the range of positions the various teams of the "Big Ten" received from the various critics of the state. This range in position on the ladder follows:

Bedford	1-9
Anderson	1-10
Martinsville	1-7
Frankfort	1-8
Franklin	1-8
Richmond	3-9
Shelbyville	2-9
Columbus	3-10
Vincennes	4-10
Bloomington	4-10

This information was compiled by George Purcell of the Vincennes Sun. The standing is based on games played by the teams before Christmas.

If You Need a Medicine  
You Should Have the Best

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfill the promise of the manufacturer. Take the case of a medicine. A medicinal preparation that has real curative value, almost sells itself, as like an endless chain system, the remedy is recommended by those who have been benefited, to those who are in need of it.

A prominent druggist says, "Take for example Dr. Williams' Swamp-Root, a preparation I have sold for many years and never hesitate to recommend, for in almost every case it shows excellent results, as many of my customers testify. No other kidney remedy has so long a record."

According to a prominent druggist who has used the Swamp-Root in the case of Dr. Williams' Swamp-Root is due to the fact that many people claim, that it fully, almost every wish in overcoming kidney, liver and bladder ailments, corrects urinary troubles and neutralizes the uric acid which causes rheumatism.

You may receive a sample bottle of Swamp-Root by filling out the coupon below and enclosing ten cents; also mention this paper. Large and medium size bottles for sale at all drug stores.

## NEWSY GOSSIP IN THE WORLD OF SPORT

COMMENT ON R. H. S.  
DEFEAT OF COLUMBUSHITTIN' 'EM  
AND  
MISSIN' 'EMDEFEAT, THY NAME  
IS ALIBI

Ye gods and little fishes, Bull Dogs and frog hair can't a basketball team drop a game, without an alibi. Doesn't any team ever win an honest to goodness game. At Columbus the newspapers have an alibi, two, three or four of 'em—the Bull Dogs were tired and worn out, all of which we expected would be a good alibi, they didn't play basketball, the gym was too cold, and several other reasons. Shelbyville, when they lose, generally has an alibi, "without Hodges," and now they want a share in the Rushville victory, because they wore the Bull Dogs down. Oh, Gosh, wotta world. Our only regret, Shelby, is that the Lions weren't playing Shelbyville Saturday night, instead of Columbus.

They all claim that Rushville had easy pickin' with K-town, and that it was just the same as no game at all. Oh, well, let 'em think it, but there are two teams that know better, that's Rushville and Knights-town.

## ONE COLUMBUS COMMENT

The Columbus Ledger, in their report of the game here Saturday night, gives the following account:

Tired from the hard-fought game with Shelbyville the night before, the Bull Dogs last night went down to defeat before the Rushville high school team by a 33 to 23 score. Coach Dobbin's proteges started off the game in fine style, but the effects of the game the night before soon told on them. They trailed at the end of the first half, 13 to 9.

Rushville cinched matters in the final frame, and local netters were submerged under a shower of baskets. Rushville showed surprising form, while Columbus was unable to stage anything near like the game it displayed against Shelby.

Prentice Hall, the "iron man" of the Bull Dogs, was the outstanding light throughout the game. Hall fought hard and his fight was predominating feature. The husky center scored five field goals and one foul goal, and was the leading scorer of the game.

Hall was helped greatly by Carter and Mobley, but Rushville was out for blood and could not be denied. The scoring of the Rushvillites was well scattered. Their offense also seemed able to penetrate the Columbus defense with much more ease than Shelbyville.

Rushville must be given credit for their victory. According to the dope bucket, the game was a complete upset—but Rushville has promised retaliation for the crushing defeat they were administered by the Bull Dogs here earlier in the season. It can be fairly said, however, that if the local lads had not been tired out from the game the night before, there would have been a different store to tell of the fray.

## ALIBI NUMBER TWO

Then the Columbus Republican summarizes its numerous alibis as follows:

Penetrating the Bull Dog defense with much more ease than did Shelbyville, and finding the Bull Dog defense somewhat listless because of the tiring effects of the hard Shelbyville game the night before, the Rushville Lions Saturday night trumped the locals 33 to 23 and made good their boast that they would repay them for the earlier upset. The game was played on the Rushville parquet.

The game was somewhat featureless, although the fighting of Prentice Hall, who was high-scoring man for the locals, was a pretty sight. The game did not start until 9:15, owing to the fact that the girls' teams which fought the preliminary were using the dressing rooms. The teams got together with but three minutes' goal practice, working in a gym that was so cold it put pen at a premium.

The score at the end of the first period was 13 to 9, Rushville, and in the second period the locals were unable to sustain even the pace they had set at the start of the game. The Bull Dogs showed form, but that form showed the effects of the hard-fought struggle against the Camels and was easily surpassed by that of the Lions, whose easy game with

Knights-town Friday had left them in full strength.

Rushville outplayed the locals at almost every point, having better luck with baskets, putting up a tighter defense, and having an offense with a sharper edge.

## THE GRAPES GET SOUR

And then "Thru the Hoop" of Shelbyville pipes in with this:

We suppose that Milroy will have to throw another 1 point scare into Rushville to keep Hittin' 'em and Missin' 'em from blowing up after that victory over the Columbus Bull Dogs Saturday night.

HEADLINE IN THE COLUMBUS SUNDAY LEDGER: "Columbus worn by Shelby Game, loses at Rushville." Maby that's not two timin' 'em. Shelby runs 'em down, wins by one point, and Rushville takes the grapes and the credit for a ten point victory.

In taking the grapes, as Shelbyville says, it leaves the sour grapes down at that city. The thing that hurts Shelby is the fact that the two scores, gives Rushville a 9 point advantage over the Camels.

## THEY DON'T BELIEVE IT

Hardwood Hamper of Columbus concludes his column, with this comment: "Congrats, Rushville. We don't know how you did it, but you did! That's all that counts, after all, though we will have a hard time making ourselves believe the Lions are better than the Bull Dogs. (You don't expect us to, do you?)"

## AND STILL MORE—

Watchin' & Guessin' of Columbus also offers the following:

Well, Rushville did it—but we're not convinced that the Lions have so much to crow about. It is the consensus of opinion that Shelbyville is much stronger than Rushville—but that's where the old dope bucket takes a spill. Congratulations Rushville—but just wait.

SHELBY OUGHT TO  
OBJECT

Even in face of the two week-end defeats, Watchin' & Guessin' comes forth with his Big Ten, as follows:

Every Sunday this column will pick a mythical Big Ten, making such changes may seem reasonable after developments in week-end games. What do you think of this one?

BEDFORD  
ANDERSON  
FRANKLIN  
COLUMBUS  
SHELBYVILLE  
MUNCIE  
BLOOMINGTON  
VINCENNES  
MARTINSVILLE

With all of the comment, Hittin' 'em still maintains that THE LIONS ARE KING OF BEASTS.

## NEUTRAL FLOOR NECESSARY

Seventy-Five Percent of Sectional  
Winners Are Those Who Play on  
Own Floor

Bloomington, Ind., Jan. 8.—The question of whether the regional high school basketball tournaments shall be held in university center or in high school centers this year is being put to a vote of high school principals by A. L. Trester, secretary of the Indiana state high school athletic association, it became known here recently. Bedford and Bloomington principals have voted against the proposed move. Opposition to the change has also been registered in a petition signed by several hundred Indiana university students, many of whom participated in regional tournaments during their high school days. Indiana university officials when informed of the referendum stated that they had extended an invitation to hold the southern regional tournament at Indiana university and that they had started preliminary preparations for the event.

School officials, players, and coaches hold that a neutral floor is necessary for a regional tournament because of the advantage a high school team has in playing on its home floor. One school official stated that seventy-five percent of the sectional tournament winners are high schools who draw the sectional tournaments and who thus have the advantage of playing on their own floors.

So far as known here, there is not now a high school gymnasium in the state which will seat more than 2500 while at Indiana university the capacity of the gymnasium is close to 3000. Visiting high school groups of nine or ten men each desire rooms and board together and it is asserted that difficulties would be met in entertaining from twelve to fifteen of these groups in places other than the universities, where organization houses throw open their doors to the visiting athletes and their friends.

"The inspirational value of a trip to our universities for high school lads is great," says superintendent R. N. Tiley, of the Bloomington schools, "and I know of many cases in which such a trip has resulted in the high school student going on with a higher education where he had previously made up his mind to drop out at the end of the high school course. I see no reason for moving the regional tournaments from the state universities. High school teams must play on a neutral floor in the regional or the home team must play away from home if the regional is held in its gymnasium. If the team from the regional center plays away from home, there will be a lack of local interest in the regional tournament which will make the region a financial loss."

Managers Agree To Fight if Promoter Can Find Proper Time And Place. It Is Announced

## CLEVELAND IS THE BEST BET

St. Louis, Mo., Jan. 8.—Managers of Jack Dempsey and Tommy Gibbons have agreed to a fight between the two heavyweights to decide the heavyweight boxing championship, if James, Mullen, Chicago and St. Louis fight promoter, can obtain the proper time and place, Mullen said today.

"I talked with Jack Kearns last week in New York, and he told me I could have first option on Dempsey's services, if I got the right location and a good guarantee or percentage," Mullen said. "Later I talked with Eddie Kane, manager of Gibbons, in Chicago and he told me to go ahead with arrangements."

Cleveland is the best bet now for the location, Mullen said. He is going there next week to talk over the matter with Chamber of Commerce and fight officials. He mentioned some time in June as a favorable date. The Republican national convention is to be held in Cleveland in June.

## English Boxing Falls Short

By HENRY L. FARRELL  
(United Press Sports Editor)  
New York, Jan. 8.—When a major league umpire makes a decision on a play that may decide the game against the home team, the customers do not leave the park muttering: "We'll have the law on this game. It ought to be stopped."

Demonstrations have been made against football referees who allowed questionable plays that decided big games, but no public demand was made that the sport be ruled off the field.

Even high-brow tennis fans have been known to make undignified protests against the decision of a judge on the court but human errors of judgment have never been upheld as a sufficient cause to stop the game.

When a boxing referee or set of judges make an error of judgment, even though it manifestly was an honest mistake, the cry invariably goes up: "Boxing should be ruled out of business. It isn't on the level."

Such a turmoil was raised in New York recently after two judges had rendered a verdict that Johnny Dundee outpointed Jack Bernstein in a contest for the junior lightweight championship that general alarm spread and fear was expressed that the sport would be punched in the nose at Albany.

There wasn't even an intimation that the two judges did not give an honest opinion and there were three qualified newspaper critics who backed up the judges in expressing the opinion that Dundee had won.

In comparing boxing with other sports it would seem that the biggest handicap boxing has to carry comes from the mob that follows and supports boxing.

Bernstein, who was really the only one entitled to a legitimate protest, didn't say a word beyond a mild and gentlemanly worded statement: "I thought I won."

The two-dollar bettors and the sure-thing pikers, who like to be pointed out as gamblers in the set where a gambler has some rating, were responsible for the cry raised that boxing should be stopped.

As long as the spokesmen for boxing consist almost exclusively of such riff-raff boxing always will be in trouble. As long as boxing is looked upon by that element only as a field for the employment of betting, it cannot endure because its fickle friends and supporters always will be the first to turn on it and use the knife when they do not find it respecting the wisdom of their judgment in placing bets.

Baseball has a high class following, the interest of which is inspired by a love of the game. If baseball depended upon a lot of shallow minds and had to be supported by a pack of cheap sports and bad losers, the game never would have survived the crisis of 1919.

Football thrives on the patronage of the finest type of citizenship that

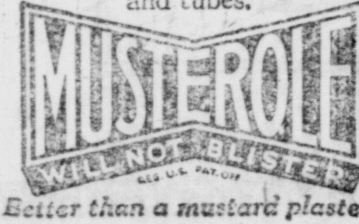

len, he will take up negotiations with Louisville, where the contest may be staged just before the Kentucky Derby and Racine Wis.

Mustard Plasters!Musterole Works Without the  
Blister—Easier, Quicker

There's no sense in mixing a mess of mustard, flour and water when you can easily relieve pain, soreness or stiffness with a little clean, white Musterole.

Musterole is made of pure oil of mustard and other helpful ingredients, combined in the form of the present white ointment. It takes the place of mustard plasters, and will not blister. Musterole usually gives prompt relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds or the chest (it may prevent pneumonia).

To Mothers: Musterole is now made in milder form for babies and small children. Ask for Children's Musterole. 35c and 65c jars and tubes.

cism based on falsehoods. It's hard to get the truth."

In discussing the Maryland schools Mr. Burris asserted that he "never saw a man who went into a study of a question as thoroughly as did B. D. Farthing, the Rush county superintendent," who accompanied the school officials on the inspection. He made a note of everything he observed, Mr. Burris said, and the same earnestness of purpose characterized his whole visit.

Mr. Burris showed that under the county unit system, Maryland had been able to save money on maintenance and operating expenses and use the savings to employ higher grade and better qualified teachers.

#### No Sooner Said Than Done

Connersville, Ind., Jan. 8.—"Show some nerve and give me a real sentence," was the challenge hurled at Judge Himelich in circuit court here by Mrs. Rachel Vance, Indianapolis, after she had been sentenced ten days and fined \$25.

Judge Himelich, in the role of Aladdin's genie, granted the strange request the moment it was asked. Mrs. Vance will be taken to the correctional department of the Woman's prison Tuesday to serve a 30-day sentence.

#### School Dresses

Here are new school frocks, easy to slip into, easy to be laundered, and practical in every line and seam and yet decidedly attractive as well. The frock with the pleated front has its pleats so placed that they will not easily come out—the back of the dress is plain. The peasant sleeves are sewn to a dropped shoulder. A new collar finishes the neck of the second dress.

The smartness and dash of the Hupmobile pick it out from the crowd.

## MOVIES

### Lavish Scenes In Drama

In the motion picture version produced by William Fox of Richard Harding Davis, story, "The Exiles," are some of the most magnificent settings ever seen on Mystic screen, where the film will be presented again today, with John Gilbert enacting the principal role.

The breadth of action of the original story being maintained. It was necessary to film scenes in New York City and in Tangiers, Africa. While all the New York scenes were laid in their original sites, it was nevertheless found impractical to picture some of the interior scenes needed for the episode in Tangiers.

Consequently the brilliant plumage of the Mediterranean seaport was constructed at the Fox studios on a scale of magnificence that makes one gasp. Edmund Mortimer was the director. Betty Bouton, John Webb Dillon, Margaret Fielding and Fred Warren lead the cast.

### Good Cast With MacLean

An excellent cast of well-known players will appear in support of Douglas MacLean in "Going Up," his initial Associated Exhibitors picture which opens at the Princess theatre for a 2-day run beginning Wednesday.

Mr. MacLean portrays the role of Robert Street, a young author who, very much against his will, is forced to fly a high-powered airplane in a race against a daring French ace. Marjorie Daw is the girl in the case. Francis McDonald, as Jules Gaillard, a famous French flier in real life as well as in "reel" circles, is the rival for the young ladies' affections. Hal-lam Cooley is said to give the best characterization of his career as Hopkins Brown, Street's bosom friend, whose glib tongue gets the young author into so many embarrassing and humorous situations. Hag-lie Mack, one of the screen's best-known heavyweight comedians, appears as Sam Robinson, an aviation instructor with an aversion to getting off the ground. John Stepping, Arthur Stuart Hall, Wade Boteler, Lillian Langdon and Mervyn LeRoy complete the cast.

## KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

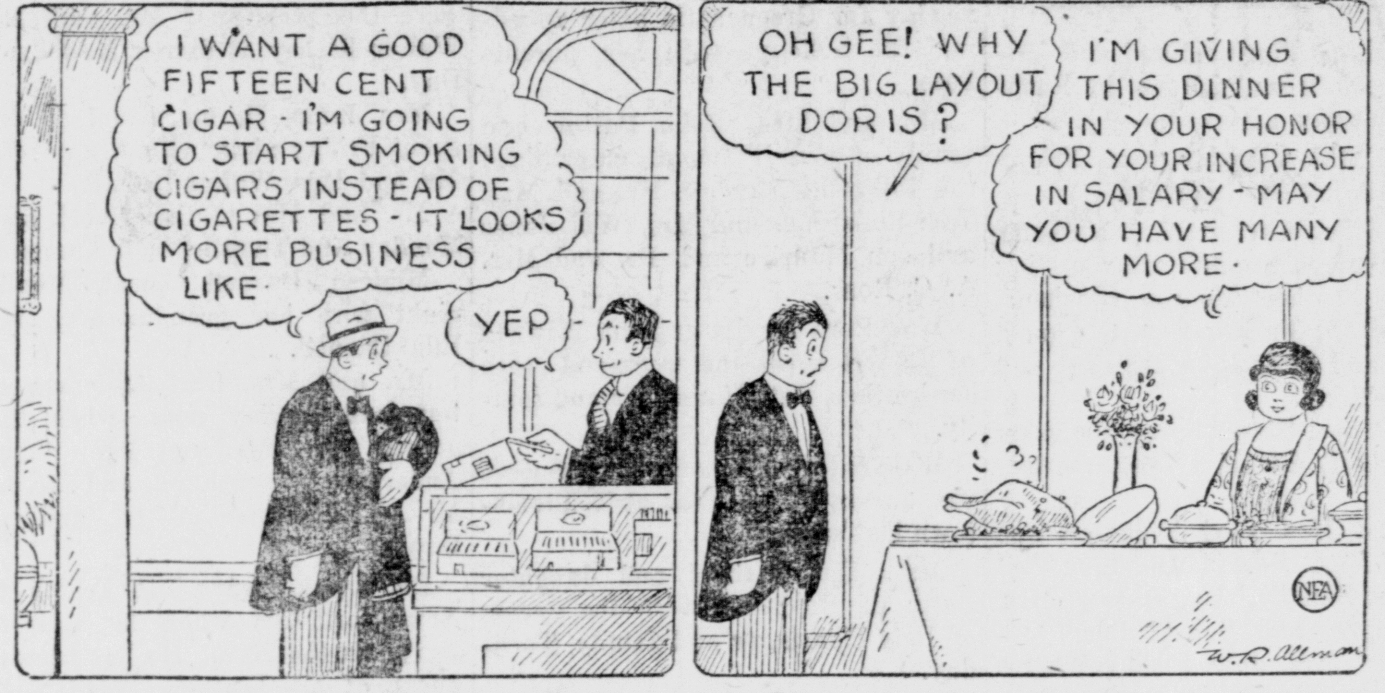

Dr. Edwards' Olive Tablets are known by their olive color. 15c and 30c.

## Would You Take in Washings? "Certainly Not!"

Yet it would be no harder to do Mrs. Smith's washing than your own. And if Mrs. Smith paid you \$1.35, it would be the same as the \$1.35 you now save.

Mrs. Smith doesn't do your washing. Nor, for the same reason, does she do her own. "Too much work," she says, "when a good laundry will do a 15-pound wash Rough Dry, fluff the undergarments ready to wear and iron all the table and bed linen—just as well as I can, for only \$1.35."

Mrs. Smith and many others have used Rough Dry Service for many years. Why not follow her example?

Considered Again Today in Cir-  
cuit Court

A plea in abatement was filed to-  
day in the circuit court in the case  
of the Hodges Branch Drain by Guy  
Abercrombie, et al., following the  
decision in court Monday by Judge  
Sparks, when he overruled the motion  
to quash the publication defining the  
boundary lines of the proposed  
assessment.

The plea in abatement seeks to  
throw the case out of court, and the  
date for the arguments on the plea  
will be fixed in a few days.

This afternoon in court further  
evidence was being heard by Judge  
Sparks in the case of Capitola G.  
Dill against the City of Rushville,  
in the injunction suit against the  
paving of Morgan street. The city had  
a few more witnesses to be heard  
before giving the case to the court  
for a permanent decision.

The jury will be called for the first  
time during the new year tomorrow,  
when a suit is to be heard. The case  
of the E. E. Holloway Company  
against Elmer C. Addison is sched-  
uled for trial, in which the demand  
is for \$300 on an account.

The case of Floyd J. Six against  
George O. Ball, a complaint on ac-  
count demanding \$100, was dis-  
missed in court today.

The suit of Walter B. Smith  
against Philip S. Daubenspeck, a  
complaint on a check, was also dis-  
missed by the plaintiff.

The J. B. Colt Company dismissed  
their suit against Charles and Mar-

## SUCCESSOR TO BALL SELECTED

H. D. VanMatre of Henry County  
Named County Agent by County  
Board of Education

### FAVORED BY FARM BUREAU

Board Appoints Committee to Inves-  
tigate Library Plan And Tran-  
sact Other Business

The Rush County Board of Edu-  
cation held an important session  
Monday afternoon at the court house,  
and foremost among the business  
session Monday afternoon at the  
court house, and foremost among the  
business transacted was the appoint-  
ment of H. D. VanMatre of Henry  
county as agricultural agent to suc-  
ceed Donald D. Ball, whose resig-  
nation will be effective March 1.

Various committees for the en-  
suing year were appointed, and re-  
ports read at the session by Miss  
Dorothy Sparks, county attendance  
officer.

The new county agent was highly  
recommended for the position by  
directors of the Rush County Farm  
Bureau. Until recently he was a  
farmer of Henry county, but for the  
past few months has been a field  
representative with the State farm  
bureau, assisting in the membership  
campaign. He graduated from Pur-  
due in 1917, and has a masters' de-  
gree from Iowa State college.

Mr. VanMatre was here yesterday  
and spoke to the county board mem-  
bers, and Mr. Ball, the retiring  
agent, also was present and gave a  
brief talk, and recommended the  
appointment of the new agent.

Miss Mary Sleeth, city librarian,  
addressed the county board on a  
plan for a circulating library among  
the townships, and the plan was  
favorably considered. A committee  
was appointed to investigate and  
report to the county board on the  
plan. The committee was composed  
of B. D. Farthing, Edson L. Aikin  
and Fred Goddard.

The committees for the new year,  
which were appointed yesterday,  
were as follows:

On buildings—Henry W. Beckner,  
Fred Goddard, J. Hampton Reeves.  
On rural school relations—John C.  
Power, Charley Harter and Charles  
Carney. Educational committee—  
Thomas Passwater, George Hardesty,  
Jesse Brooks. Administration—B.  
D. Farthing, Jesse Brooks, Thomas  
J. Passwater. Transportation—H.  
M. Cowing, Edson Aikin, George  
Meade. Purchasing committee, B.  
D. Farthing, Edson Aikin and Fred  
Goddard.

A committee also was appointed  
to investigate a plan used in some  
counties of hiring a music super-  
visor for two schools, instead of  
combining music with art, domestic  
science and other subjects. In this  
manner, six supervisors could handle  
all 12 schools, and better results  
could be obtained, it is the belief.

The committee appointed to report  
on the plan is composed of B. D.  
Farthing, H. M. Cowing, J. Hamp-  
ton Reeves, John C. Powers and  
Charles Carney. The committee,  
sometime during the next two weeks  
will visit the schools of Hendricks  
county, where this plan is being  
followed.

Miss Sparks, in her report on the  
record for the attendance office,  
stated that there were 89 cases re-  
ported.

## SCHOOL PRODUCER OF REAL WEALTH

State Superintendent Burris, Speak-  
ing to Rotary Club, Shows Its  
Importance to Community

### DISCUSSES COUNTY UNIT

Brings Out Advantages Seen in In-  
spection of Maryland County,  
Maryland System

A discussion of the county unit  
school system, based on his observa-  
tions of the schools in Maryland  
county, Maryland, characterized the  
short address of Benjamin J. Burris  
of Indianapolis, state superintendent  
of the public instruction, before the  
Rotary club today noon.

The state school head also dis-  
cussed the schools generally, showing  
their importance in every community  
and the necessity of maintaining the  
highest standards possible.

"The schools are close to every-  
one," he said. "During the present  
period of unrest, schools come in for  
their share of criticism or commenda-  
tion. It is difficult to find two men  
who will agree on what ought to be  
done. It depends on our point of view  
and our past experiences. We are far  
too prone to view the schools in the  
light of 20 or 30 years ago. Some  
will say there are too many fads in  
the schools. Such criticism has its  
steadying influence. It is good."

"The school is a social institution  
to carry out the ideals of the com-  
munity. Its methods change because  
our ideals change and it expresses  
the will of the people."

To illustrate the problem con-  
fronting the school, the speaker  
pointed out that in a few years the  
enrollment of the secondary schools  
had increased in the nation from  
200,000 to two million and had more  
than doubled in Indiana.

Mr. Burris gave an illustration that  
education produces material wealth  
and asserted that he could cite many  
others. The difference between Mex-  
ico and the United States, or Russia  
and the United States, the speaker said,  
though natural resources are about  
the same, is that the United States  
puts a premium on education.

"So education is an investment for  
us," he continued. "Indiana believes  
in it. If Indiana stood abreast of  
Rush county, think of the advantages  
that would be found all over the state."  
"The school needs criticism. We all  
need criticism. But we need con-  
structive criticism. Unfortunately  
there is too much destructive criti-  
cism."

## COURT RULING IS ASSAILED

State Files Answer Case To Hold  
Auto Fees Unconstitutional

South Bend, Ind., Jan. 8.—Super-  
ior Judge Lenn J. Oara's action in  
holding the state auto license fee  
law unconstitutional was assailed in  
an answer filed yesterday by Attor-  
ney General Lesh.

Lesh concentrated on Judge Oara's  
ruling on a demurrer in which the  
court held that Lesh connected two  
subject matters under one head.

In answer, Lesh declared that the

Clarence R. Martin, his campaign  
manager, announced today.

Martin said Johnson probably will  
make only one speech at that time,  
returning to the state later for other  
speeches.

Headquarters will be opened in  
Indianapolis within two or three  
weeks, Martin said, and district or-  
ganizations will be completed at once.

Johnson was a candidate in the  
1920 primary, running second to  
Leonard Wood.

The entries of Johnson makes  
certain the entrance of either Presi-  
dent Coolidge or Senator Watson in-  
to the Indiana campaign.

It is expected Watson will an-  
nounce soon that he will not be a  
candidate, and that Coolidge will en-  
ter the Indiana primary.

The Republicans as well as the  
Democrats may nominate their candi-  
date for Governor in convention  
instead of in the primary, according  
to indications today.

In some quarters it was said a  
deliberate effort will be made to pre-  
vent any candidate from obtaining  
the necessary majority of votes in  
the primary so that the choice may  
be made in convention.

Edgar D. Bush, of Salem, is ex-  
pecting to announce his candidacy  
within a few days, which will bring  
the field of starters up to four. Bush  
was formerly lieutenant governor.

Other candidates already making  
active preparations for their cam-  
paign are Mayor Shank, Ed Jack-  
son, secretary of state, and Ed C.  
Toner, of Anderson.

With four candidates in the field  
the chances for a nomination in the  
primary are greatly decreased and  
the fight will become a contest for  
delegates rather than for primary  
votes.

## CLAIM FOR \$1,800 IS DISALLOWED

County Commissioners Refuse to Pay  
For Expense of Repairing Bridge  
At Carthage

### THEIR PLAN NOT FOLLOWED

Beard Allows Poor Infirmary Con-  
tracts And Reappoints County At-  
torney And Custodian

The Rush county board of commis-  
sioners, in addition to making the  
annual appointments at the first  
meeting of the new year, Monday,  
also awarded the contracts for the  
poor farm supplies and disallowed a  
claim of \$1,800 filed by the Ameri-  
can Paper Products company of  
Carthage, for money expended in re-  
pairing a bridge over a mill race in  
Carthage.

The refusal of the commissioners  
to allow the claim is expected to re-  
sult in a law suit against the county  
as the Carthage concern maintains  
that the county should bear a part if  
not all of the expense of making the  
repairs on the bridge which is used  
by the company.

The question of repairing the  
bridge has been before the board for  
the past few years. The Carthage  
concern asserted that under the  
terms of an old contract, the county  
agreed to maintain the bridge after  
it once had been constructed by the  
company. No copy of the contract  
has ever been found on the commis-  
sioners' records.

Some time ago the commissioners  
instructed the auditor to notify the  
company to repair the bridge under  
the supervision of and according to  
the plans and specifications of the  
county engineer, Frank Catt. Noth-  
ing more was heard of the matter un-  
til the Carthage concern came for-  
ward with a claim for \$1,800. The  
commissioners maintain that they  
can not allow the claim because the  
repairs were not made under the  
supervision of the county engineer.

Practically all of Monday morn-  
ing's session was devoted to allowing  
claims.

Thomas M. Green was reappointed  
county attorney for another year and  
George Mitchell was also named as  
custodian for the year 1924.

Contracts for the poor infirmary  
supplies were awarded as follows:  
Meats, Ed Haywood; dry goods and  
women's shoes, the Callaghan com-  
pany and H. S. Havens; groceries,  
Varley and Varley; clothing and  
shoes, J. L. Cowing, Son and com-  
pany.

Monday's meeting was the first  
for Jesse Winkler, the new commis-  
sioner for the middle district, who  
succeeded Sam Young the first of the  
year. He did not remain for the ses-  
sion all day on account of receiving  
word of the death of his father-in-  
law Frank Trennepohl, a former Rush  
county citizen who dropped dead  
from heart disease at his home in  
Henry county.

The commissioners organized at  
the beginning of the session for the  
year with George Bell as president  
and Harry Gosnell president of the  
board of finance.

## RECOGNITION OF RUSSIA OPPOSED

Senator Lodge Says it Would Subject U. S. to a "Pestilence of Communist Propaganda."

### GIVES SPEECH TO SENATE

Recognition Would Mean Every Industrial Center in Country Would Have Russian Communist

Washington, Jan. 8—Recognition of Russia now would subject the United States to a "pestilence of Communist Propaganda," Senator Lodge of the senate foreign relations committee asserted in a fifteen hundred word speech to the senate today why the administration is opposing recognition.

Recognition would mean that every industrial center in the country would have a Russian Communist, who would in reality be a Russian. The question of immediate danger to the government of the United States by revolution or insurrection is not the point here, said Lodge.

The question is whether you are going to permit the spread of a pestilence through the country. A very sure way of permitting it to spread is by recognizing the people who are undertaking to spread doctrines that would strike in the very foundation of free organized society and seek to destroy the principles that has made the United States what it is.

"There is something more at stake here than trade. There is nothing now to stop trade with Russia. The reason we do not have business with Russia is because that country is permitting no surplus with which to pay for our exports to them. Trade is impossible and is found so in practice.

Warsaw—By the will of Martin Peterson, \$6,000 has been left to the poor of Warsaw.

ADDRESS BY P. H. GADSDEN

C. L. Henry, President of I. & C., Says His Line Meets Competition With Improved Service

Cincinnati, O., Jan. 8.—"Shall motor busses and motor trucks be allowed to conduct an unregulated competition with steam and electric railways in the transportation of passengers and freight, or shall they develop as auxiliaries to steam and electric railways to extend and supplement the existing systems of transportation?"

Philip H. Gadsden, of Philadelphia, director of the United States Chamber of Commerce, raised that question before the Commercial Club of Cincinnati.

The answer to the question, the speaker said, depends largely upon the mental attitude of steam and electric railway executives toward the bus and truck, and in the last analysis upon the public and its understanding of the economics of transportation.

For years, he explained, there has been unregulated competition of the bus and truck. Motor trucks have had no special tariffs. The motor bus and jitney have been preying upon the electric railways, taking the cream of the business and allowing the railways to handle the rest.

"The unchanging laws of political economy have been ruthlessly at work, however," Mr. Gadsden continued. "The bus and truck business has been so unprofitable that the average life of such enterprises does not exceed three or four months."

Commenting on the statement made by Mr. Gadsden regarding trucks and busses, Charles L. Henry, President of the Indianapolis and Cincinnati Traction Company said, "We are meeting the competition of the unregulated truck and bus with improved service. Some electric railway companies have become discouraged over increasing losses and in certain localities have actually abandoned the lines and scrapped the trucks. We believe the electric railway has demonstrated the value of its service as an established and dependable means of quick transportation at a reasonable rate. We have confidence in the ultimate fairness of the people of Indiana and their love for fair play, and instead of asking permission to abandon our lines, we are borrowing early a million dollars to greatly improve the service. We will soon have twelve beautiful new 60 ft. steel passenger cars and the most modern scheme of power distribution in the United States."

Taxes are already high, but if trucks and busses are to have the general unrestricted use of the highway, which are already heavily burdened with traffic, general taxes will become still more oppressive by the construction of special highways for freight and passenger traffic which the railways were built to carry."

"We believe that the bus and truck should be used to extend the facilities of the railways into territory that is not adequately served and not in competition with adequate existing lines. We are developing our service along this plan."

## BOARD MEMBERS TO SEEK OFFICE AGAIN

Election to State Fair Board Scheduled Wednesday, With McCray Mixup as Topic

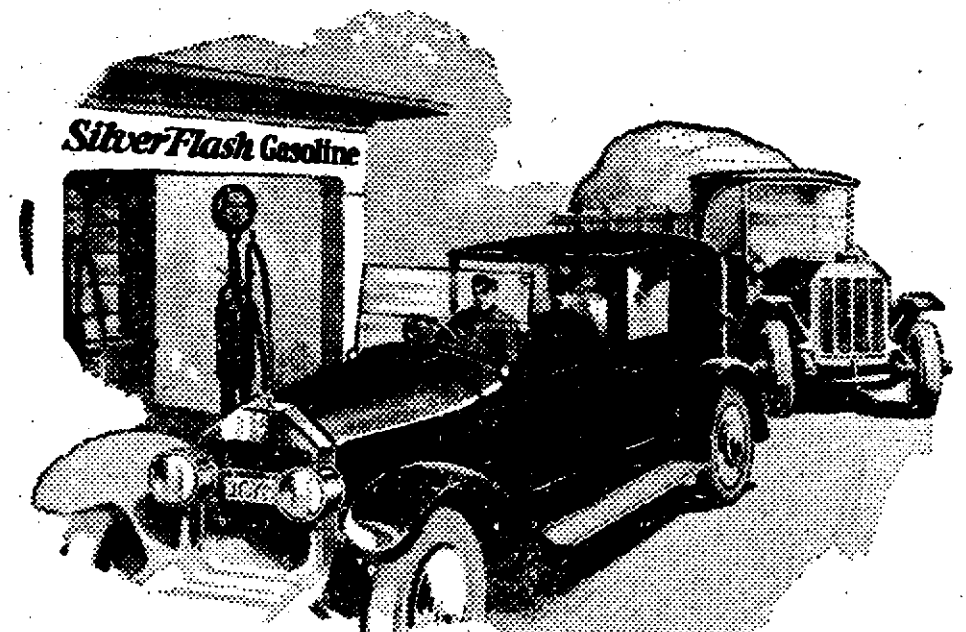

THERE ARE 92 POSSIBLE VOTES

Indianapolis, Ind., Jan. 8.—The question of whether the state board of agriculture loan of \$155,000 to Governor McCray, which figured in the indictments returned against the governor, will be the deciding factor in the election of eight board members tomorrow was under discussion by state officials today.

The eight members will seek reelection, it is believed.

Those whose office will expire are: S. W. Taylor, Booneville; Guy Cantwell, Gosport; M. W. Pickhardt, Huntingburg; Samuel J. Miller, 3046 College Ave.; W. W. Wilson, Muncie; Thomas Grant, Lowell; U. C. Brouse, Kendallville; and C. Y. Helper, South Bend.

Forty-eight county fair associations have filed credentials for the

## As Cosmopolitan as the Road Itself

NO matter the kind of a car you drive. Whether it is a Fiat or a diver, Silver Flash Gasoline is for YOU. For, unlike most products of extra grade, its very quality has made it universal, democratic—the luxury of the prideful and the necessity of the commercial.

As a matter of course, the driver of the finely machined, precisely adjusted motors of high-priced cars demand the smooth, missless, velvet running of Silver Flash Gasoline as the fitting companion of elegance, grace and boundless power.

And lower priced engines can ill afford the slightest further handicap from poor fuel. They are hit harder by carbon evils, have greater gateway for kerosene drippage, are quicker to show the destructive effects of uneven explosiveness.

## Silver Flash Gasoline

is for them both—and everything in between. It is the clean, dry, quickly vaporizing real gasoline of old-fashioned goodness. It ignites at the suggestion of a spark and fires straight through to the stroke's end and neither breaks, gaps nor peters out. It holds no free carbon, nor particle of kerosene.

Remember that no matter how much vehicles differ externally in design, in detail, or in purpose, they are alike in motive principle. The engine is their heart—and yours can be no exception.

DOES YOUR MOTOR DESERVE LESS?

## Tax Reduction

Congress is very much divided on the subject of Secretary Mellon's tax reduction scheme.

That, however, is nothing new for congress. That august body is made up of many people of many minds, from sections of the country, representing constituents of widely divergent views and interests.

Each senator and congressman is constantly demanding new or revised legislation that will fit in with the wishes of his people "back home" to whom he must render an accounting, and there is no subject of more vital importance just now than that of tax reduction. Hence we will see senators and congressmen demanding certain provisions in the bill favorable to their own people and resisting other provisions to which their people are opposed.

All of the conflicting interests and demands must be harmonized and a working basis agreed upon that will be at least reasonably fair to all classes of people and all sections of the country.

It will be a free show well worth witnessing, with our distinguished representatives in congress as the star performers.

But we send them to Washington for that purpose and we expect them to make good.

Speaking of congress, it would

## Jobs are scarce for the Physically Run-Down

THE DOOR of opportunity flings wide its portals only to the man who is up and doing—who is filled with pep and punch—with rich, red blood tingling through his veins. Mountain size obstacles dwindle to ant hills and ambitions become accomplishments to these sort of men.

Where is the employer who seeks the man who is physically run-down? The man without stamina to withstand the knocks and gaffs of the hurrying, scurrying world of business?

S. S. S. is the long established and time honored creator of red blood cells. You cannot expect to get very far up the ladder unless you are equipped with a body that is strong and vigorous. S. S. seem that the country has a legitimate right to register a kick, and a vigorous one.

Some slight progress was expected at the short session, but no progress of any nature was made. It was time utterly wasted, and for which the people have to pay in cold cash.

The responsibility for this condition of affairs is placed squarely upon the senate, which did nothing but wrangle over committee chairmanships, etc.

The record made by congress at the short session is anything but creditable. The country had a right to expect at least something. Instead, it received absolutely nothing.

Buck up, gentlemen! You are being watched.

## WEEK OF UNITED PRAYER

Throughout the world Christians have issued a call for the observance of the period from January 6 to 12 as a week of united prayer. The Federal Council of Churches is the sponsor for the call in this country.

The program of prayer and Bible reading for today is as follows:

The Church Universal—"Christ also loved the Church and gave Himself for it."

LET US GIVE THANKS—For the eternal purpose which Christ has for His Church. For the unity which is already enjoyed before His Throne by all who call upon His Name.

For all deliberations and conferences during the past year which have led the followers of Christ to understand each other better and to enter upon new service in fellowship.

For those who by their words spoken or written, and by their faithful lives have made it easier for others to believe in Him.

LET US CONFESS—Our unworthiness of the great love bestowed upon us; our lack of vision and timidity in bearing witness; our failure to make the world understand the mind of Christ; our willingness to begin the world as those that serve.

LET US PRAY—That the whole Church may wait upon God, and humbly listen for His service. That it may put the first things first, and open its heart more fully to Christ, its Divine Lord.

That through a living experience of God in Christ Jesus it may reach a truer unity. That in its thought the Church may be true to the whole counsel of God, and in its word and action may show to all mankind the Eternal Life which was with the Father, and as manifested unto us by His son.

## AN OPEN LETTER TO WOMEN

Tells of Mrs. Vogel's Terrible Suffering and How She Was Restored to Health by Lydia E. Pinkham's Vegetable Compound

Detroit, Michigan.—"My troubles were severe pains in my back and terrible bearing-down pains in my right side, also headaches and sleepless nights. I first began having troubles when I was 15, and they have increased as I grew older. A little booklet was left at my door, and I read what Lydia E. Pinkham's Vegetable Compound has done for women and decided to try it. After the first week I could go to sleep every night and I stopped having that nervous feeling and got a better appetite. The doctor had always said that an operation was the only thing that would help me, but I never had any faith in an operation. Since the Vegetable Compound has started helping me I do not suffer the severe pains, feel stronger, and am able to do my own work. I am more than glad to tell my friends that it helps where other medicines have failed."

Mrs. Gus Vogel, 6603 Pelouze Street, Detroit, Michigan.

But 13 sports writers answered the questionnaire, but this list includes some of the experts who are in closest touch with the relative strength of the various teams and include newspapers from Anderson, Columbus, Bloomington, Rushville, Shelbyville, Gary, Richmond, Washington, Huntington, Logansport, Greencastle and Vincennes. Two newspapermen from Columbus answered.

Bedford, Martinsville, Franklin and Anderson were the only four teams which were given positions on the Big Ten ladder by all 13 of the critics answering.

Teams not included in the Big Ten but mentioned by some of the sport writers include: Huntington, Crawfordsville, Greencastle, Monticore, Emerson of Gary, Muncie, Jeff of Lafayette and Kokomo.

Five teams were mentioned as "first" by the various sport writers, Bedford was the choice, however, with five "firsts". Anderson drew four, Martinsville two, and Frankfort and Franklin each one.

It will be interesting to note the range of positions the various teams of the "Big Ten" received from the various critics of the state. This range in position on the ladder follows:

A medicinal preparation that has real curative value, does not sell itself, as like an ordinary cheap article, the remedy is recommended by those who have been benefited, to those who are in need of it.

## NEWSY GOSSIP IN THE WORLD OF SPORT

COMMENT ON R. H. S.  
DEFEAT OF COLUMBUSHITTIN' 'EM  
—AND—  
MISSIN' 'EMDEFEAT, THY NAME  
IS ALIBI

Ye gods and little fishes, Bull Dogs and frog hair can't a basketball team drop a game, without an alibi. Doesn't any team ever win an honest to goodness game. At Columbus the newspapers have an alibi, two, three or four of 'em—the Bull Dogs were tired and worn out, all of which we expected would be a good alibi, they didn't play basketball, the gym was too cold, and several other reasons. Shelbyville, when they lose, generally has an alibi, "without Hodges," and now they want a share in the Rushville victory, because they wore the Bull Dogs down. Oh, Gosh, wot a world. Our only regret, Shelby, is that the Lions weren't playing Shelbyville Saturday night, instead of Columbus.

They all claim that Rushville had easy pickin' with K-town, and that it was just the same as no game at all. Oh, well, let 'em think it, but there are two teams that know better, that's Rushville and Knights-town.

## ONE COLUMBUS COMMENT

The Columbus Ledger, in their report of the game here Saturday night, gives the following account:

Tired from the hard-fought game with Shelbyville the night before, the Bull Dogs last night went down to defeat before the Rushville high school team by a 33 to 23 score. Coach Dubbois' proteges started off the game in fine style, but the effects of the game the night before soon told on them. They trailed at the end of the first half, 13 to 9.

Rushville clinched matters in the final frame, and local netters were submerged under a shower of baskets. Rushville showed surprising form, while Columbus was unable to stage anything near like the game it displayed against Shelby.

Prentice Hall, the "iron man" of the Bull Dogs, was the outstanding light throughout the game. Half fought hard and his fight was predominating feature. The husky center scored five field goals and one foul goal, and was the leading scorer of the game.

Hall was helped greatly by Carter and Mobley, but Rushville was out for blood and could not be denied. The scoring of the Rushvillites was well scattered. Their offense also seemed able to penetrate the Columbus defense with much more ease than Shelbyville.

Rushville must be given credit for their victory. According to the dope bucket, the game was a complete upset—but Rushville has promised retaliation for the crushing defeat they were administered by the Bull Dogs here earlier in the season. It can be fairly said, however, that if the local lads had not been tired out from the game the night before, there would have been a different store to tell of the fray.

## ALIBI NUMBER TWO

Then the Columbus Republican, summarizes its numerous alibis as follows:

Penetrating the Bull Dog defense with much more ease than did Shelbyville, and finding the Bull Dog defense somewhat listless because of the tiring effects of the hard Shelbyville game the night before, the Rushville Lions Saturday night trounced the locals 33 to 23 and made good their boast that they would repay them for the earlier upset. The game was played on the Rushville parquet.

The game was somewhat featureless, although the fighting of Prentice Hall, who was high-scoring man for the locals, was a pretty sight. The game did not start until 9:15, owing to the fact that the girls' teams which fought the preliminary were using the dressing rooms. The teams got together with but three minutes' goal practice, working in a gym that was so cold it put pep at a premium.

The score at the end of the first period was 13 to 9, Rushville, and in the second period the locals were unable to sustain even the pace they had set at the start of the game. The Bull Dogs showed form, but that form showed the effects of the hard-fought struggle against the Camels and was easily surpassed by that of the Lions, whose easy game with,

Knights-town Friday had left them in full strength.

Rushville outplayed the locals at almost every point, having better luck with baskets, putting up a tighter defense, and having an offense with a sharper edge.

## THE GRAPES GET SOUR

And then "Thru the Hoop" of Shelbyville pipes in with this:

We suppose that Miroy will have to throw another 1 point scare into Rushville to keep Hittin' 'em and Missin' 'em from blowing up after that victory over the Columbus Bull Dogs Saturday night.

HEADLINE IN THE COLUMBUS SUNDAY LEDGER: "Columbus worn by Shelby Game, loses at Rushville." Maybe that's not two timin' 'em. Shelby runs 'em down, wins by one point, and Rushville takes the grapes and the credit for a ten point victory.

In taking the grapes, as Shelbyville says, it leaves the sour grapes down at that city. The thing that hurts Shelby is the fact that the two scores, gives Rushville a 9 point advantage over the Camels.

## THEY DON'T BELIEVE IT

Hardwood Hamper of Columbus concludes his column, with this comment: "Congrats, Rushville. We don't know how you did it, but you did. That's all that counts, after all. Though we will have a hard time making ourselves believe the Lions are better than the Bull Dogs. (You don't expect us to, do you?)"

## AND STILL MORE—

Watchin' & Guessin' of Columbus also offers the following:

Well, Rushville did it—but we're not convinced that the Lions have so much to crow about. It is the consensus of opinion that Shelbyville is much stronger than Rushville—but that's where the old dope bucket takes a spill. Congratulations Rushville—but just wait.

## SHELBY OUGHT TO OBJECT

Even in face of the two week-end defeats, Watchin' and Guessin' comes forth with his Big Ten, as follows:

Every Sunday this column will pick a mythical Big Ten, making such changes may seem reasonable after developments in week-end games. What do you think of this one fans?

## NEUTRAL FLOOR NECESSARY

Seventy-Five Percent of Sectional  
Winners Are Those Who Play on  
Own Floor

Bloomington, Ind., Jan. 8.—The question of whether the regional high school basketball tournaments shall be held in university center or in high school centers this year is being put to a vote of high school principals by A. L. Trygster, secretary of the Indiana state high school athletic association, it became known here recently. Bedford and Bloomington principals have voted against the proposed move. Opposition to the change has also been registered in a petition signed by several hundred Indiana university students, many of whom participated in regional tournaments during their high school days. Indiana university officials when informed of the referendum stated that they had extended an invitation to hold the southern regional tournament at Indiana university and that they had started preliminary preparations for the event.

School officials, players, and coaches hold that a neutral floor is necessary for a regional tournament because of the advantage a high school team has in playing on its home floor. One school official stated that, seventy-five percent of the sectional tournament winners are high schools who draw the sectional tournaments and who thus have the advantage of playing on their own floors.

So far as known here, there is not now a high school gymnasium in the state which will seat more than 2500 while at Indiana university the capacity of the gymnasium is close to 4000. Visiting high school groups of nine or ten men each desire rooms and board together and it is asserted that difficulties would be met in entertaining from twelve to fifteen of these groups in places other than the universities, where organization houses throw open their doors to the visiting athletes and their friends.

"The inspirational value of a trip to our universities for high school lads is great," says superintendent R. N. Treay, of the Bloomington schools, "and I know of many cases in which such a trip has resulted in the high school student going on with a higher education where he had previously made up his mind to drop out at the end of the high school course. I see no reason for moving the regional tournaments from the state universities. High school teams must play on a neutral floor in the regional or the home team must play away from home if the regional is held in its gymnasium. If the team from the regional center plays away from home, there will be a lack of local interest in the regional tournament which will make the region a financial loss."

DEMPSEY AND GIBBONS  
MAY GET TOGETHERManagers Agree to Fight if Promoter  
Can Find Proper Time and  
Place, It Is Announced

## CLEVELAND IS THE BEST BET

St. Louis, Mo., Jan. 8.—Managers of Jack Dempsey and Tommy Gibbons have agreed to a fight between the two heavyweights to decide the heavyweight boxing championship, if James, Mullen, Chicago and St. Louis fight promoter, can obtain the proper time and place, Mullen said today.

"I talked with Jack Kearns last week in New York, and he told me I could have first option on Dempsey's services, if I got the right location and a good guarantee or percentage," Mullen said. "Later I talked with Eddie Kane, manager of Gibbons, in Chicago and he told me to go ahead with arrangements."

Cleveland is the best bet now for the location, Mullen said. He is going there next week to talk over the matter with Chamber of Commerce and fight officials. He mentioned some time in June as a favorable date. The Republican national convention is to be held in Cleveland in June.

## English Boxing Falls Short

By HENRY L. FARRELL  
(United Press Sports Editor)

New York, Jan. 8.—When a major league umpire makes a decision on a play that may decide the game against the home team, the customers do not leave the park mumbling: "We'll have the law on this game. It ought to be stopped."

Demonstrations have been made against football referees who allowed questionable plays that decided big games, but no public demand was made that the sport be ruled off the field.

Even high-brow tennis fans have been known to make undignified protests against the decision of a judge on the court but human errors of judgment have never been upheld as a sufficient cause to stop the game.

When a boxing referee or set of judges make an error of judgment, even though it manifestly was an honest mistake, the cry invariably goes up: "Boxing should be ruled out of business. It isn't on the level."

Such a turmoil was raised in New York recently after two judges had rendered a verdict that Johnny Dundee outpointed Jack Bernstein in a contest for the junior lightweight championship that general alarm spread and fear was expressed that the sport would be punched in the nose at Albany.

There wasn't even an intimation that the two judges did not give an honest opinion and there were three qualified newspaper critics who backed up the judges in expressing the opinion that Dundee had won.

In comparing boxing with other sports it would seem that the biggest handicap boxing has to carry comes from the mob that follows and supports boxing.

Bernstein, who was really the only one entitled to a legitimate protest, didn't say a word beyond a mild and gentlemanly worded statement: "I thought I won."

The two-dollar bettors and the sure-thing pikers, who like to be pointed out as gamblers in the set where a gambler has some rating, were responsible for the cry raised that boxing should be stopped.

As long as the spokesmen for boxing consist almost exclusively of such riff-raff boxing always will be in trouble. As long as boxing is looked upon by that element only as a field for the employment of betting, it cannot endure because its fickle friends and supporters always will be the first to turn on it and use the knife when they do not find it respecting the wisdom of their judgment in placing bets.

Baseball has a high class following, the interest of which is inspired by a love of the game. It baseball depended upon a lot of shallow minds and had to be supported by a pack of cheap sports and bad losers, the game never would have survived the crisis of 1919.

Football thrives or the patronage of the finest type of citizenship that men, he will take up negotiations with Louisville, where the contest may be staged just before the Kentucky Derby and Racine Wis.

Don't Fuss With  
Mustard Plasters!Musterole Works Without the  
Blister—Easier, Quicker

There's no sense in mixing a mess of mustard, flour and water when you can easily relieve pain, soreness or stiffness with a little clean, white Musterole.

Musterole is made of pure oil of mustard and other helpful ingredients, combined in the form of the present white ointment. It takes the place of mustard plasters, and will not blister.

Musterole usually gives prompt relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it may prevent pneumonia).

To Mothers: Musterole is now made in milder form for babies and small children.

## Lavish Scenes In Drama

In the motion picture version produced by William Fox of Richard Harding Davis' story, "The Exiles," are some of the most magnificent settings ever seen on Mystic screen, where the film will be presented again today, with John Gilbert enacting the principal role.

The breadth of action of the original story being maintained. It was necessary to film scenes in New York City and in Tangiers, Africa. While all the New York scenes were laid in their original sites, it was nevertheless found impractical to picture some of the interior scenes needed for the episode in Tangiers.

Consequently the brilliant plumage of the Mediterranean seaport was constructed at the Fox studios on a scale of magnificence that makes one gasp. Edmund Mortimer was the director. Betty Bouton, John Webb Dillon, Margaret Fielding and Fred Warren lead the cast.

## Good Cast With MacLean

An excellent cast of well-known players will appear in support of Douglas MacLean in "Going Up," his initial Associated Exhibitors picture which opens at the Princess theatre for a 2-day run beginning Wednesday.

Mr. MacLean portrays the role of Robert Street, a young author who, very much against his will, is forced to fly a high-powered airplane in a race against a daring French ace, Marjorie Daw is the girl in the case, Francis McDonald, as Jules Gaillard, a famous French flier in real life as well as in "red" circles, is the rival for the young ladies' affections. Hal-lam Cooley is said to give the best characterization of his career as Hopkins Brown, Street's bosom friend, whose glib tongue gets the young author into so many embarrassing and humorous situations. Hughie Mack, one of the screen's best-known heavyweight comedians, appears as Sam Robinson, an aviation instructor with an aversion to getting off the ground. John Stepping, Arthur Stuart Hall, Wade Boteler, Lillian Langdon and Mervyn LeRoy complete the cast.

## KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

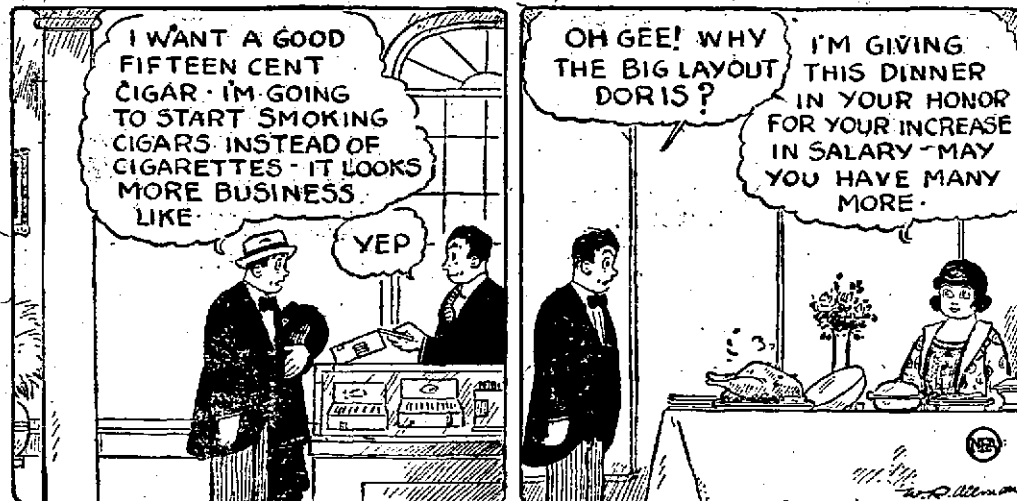

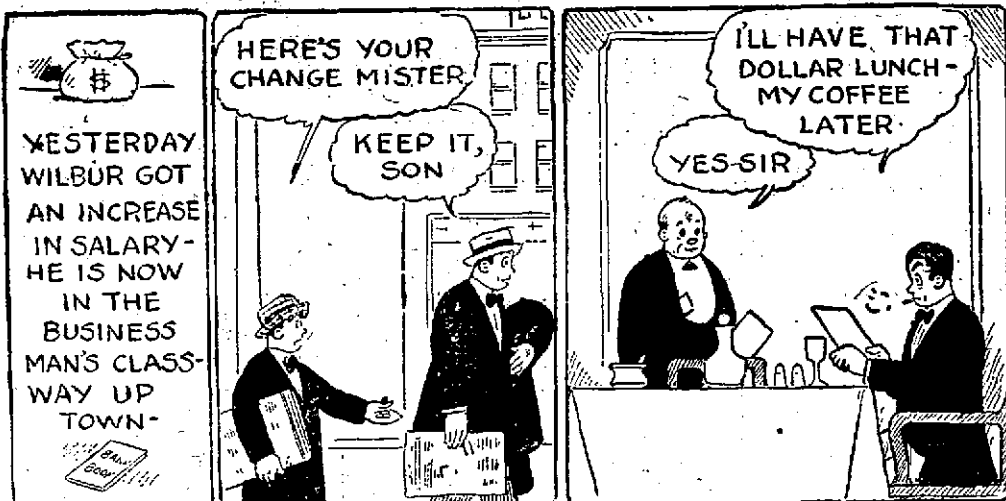

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

Dr. Edwards' Olive Tablets are known by their olive color. 15c and 30c.
